

a

Threshold above the limit

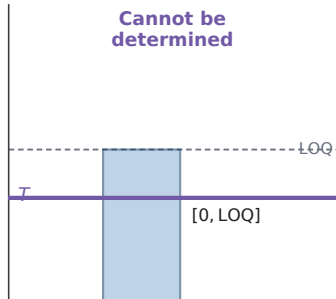

Compliant

Anthracene (ES)
 LOQ 0.04, T 0.1 $\mu\text{g/L}$

The interval $[0, LOQ]$ lies
 wholly below T .

b

Threshold inside the interval

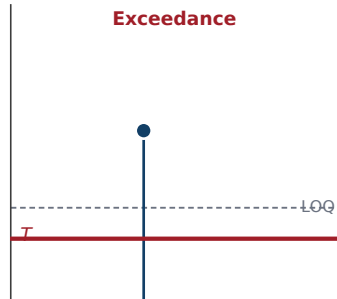

**Cannot be
determined**

Imidacloprid (ES)
 LOQ 0.01, T 0.0068 $\mu\text{g/L}$

T falls inside $[0, LOQ]$.
 No result this method could
 return would decide.

c

Quantified exceedance

Exceedance

Nickel and its compounds (RO)
 LOQ 3, T 2 $\mu\text{g/L}$

A measured value above T .
